The Marano Lagoon

For 10 or 14 days cruises, this carefully preserved wildlife wonderland is idyllic. The Valle Canal Novo reserve has a complex ecosystem unique in Europe resulting from its varying degrees of salinity. At Marano itself, a picturesque little town which has kept its thriving fishing community, the ancient citadel rises above the surrounding marshes

Venice lagoon

CHIOGGIA

• With rendez-vous Fantasia

Cruise on the **Venice Lagoon**, and you'll be left with unforgettable memories. From sleepy villages to historic cities, from fashionable beach resorts such as the Lido to fishermen's settlements and typically Mediterranean family bathing scenes, Venice's hinterland reveals its hidden treasures to you on a voyage as remarkable for its natural landscapes as for its picturesque villages. Separated from the sea by a narrow neck of land, the lagoon immediately reveals itself in all its vastness. **Chioggia**, a marvellous little town linked by bridges to the mainland, has an amazing fish market and is the southernmost port on the lagoon. Follow the deep water channels to the traditional fishing village of **Pellestrina**, then cross the Malamocco shipping channel and head for Venice. The Campanile of St Marks is slowly outlined on the horizon. Arriving in **Venice** by water, you enjoy a stunning view of the Serenissima's most famous spot, with the Basilica of St Mark and the **Palace of the Doges**. Cruising on northwards, romantic islands ripple out; **Murano** with its glassblowers, **Burano**, the lacemaking island, and **Torcello** whose **cathedral of Santa**

Maria Assunta is one of the greatest Venetian monuments of the Byzantine age. Its mosaics in particular are superb. Once past these charming islands, extend your cruise up to Treviso, on the meandering tree-lined River Sile, or alternatively on the **Brenta Canal**, whose rustic landscapes recall the canvases of Canaletto. Alternating with vineyards are magnificent villas by Palladio, most of which you are able to visit. With so much sightseeing, you will need to get in plenty of bathing too, and between **Chioggia** and **Grado** you'll find some of the finest **beaches on the Adriatic**.
